## Who It Is For

---

-  Pet owners with carpeted areas
-  Users needing lightweight cleaning
-  Families with hardwood floor maintenance
-  Individuals avoiding frequent dust emptying

## Who It Is Not For

---

-  Users with large open spaces requiring extended runtime
-  Those needing vacuum with HEPA filter replacement
-  People prioritizing ultra-quiet operation
-  Individuals requiring wall-mountable design

## Trade Offs to Consider

---

-  Shorter runtime than high-end models
-  Limited to indoor use only
-  HEPA filters require periodic washing
-  Battery life decreases with frequent max mode use

## How It Compares

---

- Better than basic models for suction power
- Less than high-end cordless vacuums in runtime
- Comparable to mid-tier models in noise control
- Superior to traditional vacuums in anti-tangle design

## Choose This If...

---

- ✓ Need strong suction for pet hair removal
- ✓ Prioritize lightweight portable design
- ✓ Want 1.5L dust cup capacity
- ✓ Seek dual suction mode flexibility

## Skip This If...

---

- × Require longer runtime than 45 minutes
- × Need HEPA filter replacement convenience
- × Desire ultra-quiet operation below 60dB
- × Plan to use vacuum outdoors
