## Who It Is For

---

-  Pet owners with hard floors
-  Users with low-traffic areas
-  Those needing scheduled cleaning
-  People with tight spaces to clean

## Who It Is Not For

---

-  Users with high-traffic areas
-  Those without 110V power access
-  People needing frequent manual cleaning
-  Individuals without Wi-Fi access

## Trade Offs to Consider

---

- No remote control included
- Requires setup for app control
- Limited to 110V regions
- Not ideal for thick carpets

## Users Say

---

### ● POSITIVES

- ✓ Cleans pet hair effectively
- ✓ Easy to set up and use
- ✓ Helps reduce manual cleaning
- ✓ Quiet during operation

### ● COMPLAINTS

- ⚠ No remote control included
- ⚠ Needs regular bag replacements
- ⚠ Not suitable for thick carpets
- ⚠ App control requires Wi-Fi

## How It Compares

---

- Better than basic models with self-emptying
- Less powerful than high-end vacuums
- Smaller than traditional vacuums
- More convenient than manual cleaning

## Choose This If...

---

- ✓ You have pets and hard floors
- ✓ You need scheduled cleaning
- ✓ You want to reduce manual cleaning
- ✓ You have access to 110V power

## Skip This If...

---

- ✗ You have thick carpets
- ✗ You need remote control
- ✗ You don't have Wi-Fi access
- ✗ You prefer manual cleaning
