Who It Is For

-  Apartment dwellers with limited space
-  Users needing lightweight vacuum
-  Hard floor and carpet cleaning
-  Furniture clearance for tight spaces

Who It Is Not For

-  Cordless vacuum users
-  Users requiring frequent filter replacements
-  Heavy-duty cleaning needs
-  Those needing compact design

Trade Offs to Consider

-  Corded vs. cordless flexibility
-  Washable filters vs. disposable replacements
-  82dB noise vs. quieter models
-  Fixed suction vs. adjustable settings

How It Compares

- Bagless system vs. bag-based models
- Corded vs. cordless mobility
- Washable filters vs. disposable
- Fixed suction vs. adjustable power
