

ILIFE A30 Pro 3-in-1 Robot Vacuum and Mop with LiDAR Navigation and Self-Emptying Station

QUICK BUYER GUIDE

Ideal for busy households needing hands-free cleaning of hard floors and medium pile carpets with app control and self-emptying station

At a Glance Specs

3-IN-1 CLEANING

Vacuum, mop, and dusting in single unit

SUCTION POWER

5000Pa suction for deep carpet cleaning

NAVIGATION SYSTEM

LiDAR mapping for precise room coverage

CLEANING DURATION

280 days of continuous cleaning

CONTROL METHOD

App, voice, and remote controls

POWER SOURCE

110V compatible for US outlets

COMPACT DESIGN

12.6x12.6x3.7 inch round body

Who It Is For

-  Homeowners with pets needing daily cleaning
-  Travelers wanting automated floor maintenance
-  Busy parents seeking minimal upkeep
-  Users with medium pile carpets

Who It Is Not For

-  Users requiring frequent manual emptying
-  Those with only 5GHz WiFi networks
-  Small spaces under 100 sq ft
-  Heavy-duty commercial cleaning needs

Trade Offs to Consider

- Limited to 2.4GHz WiFi compatibility
- 30% time saved vs manual setup
- 7.1 oz weight may lack durability
- Battery life requires periodic charging

Users Say

● POSITIVES

- ✓ Efficient 3-in-1 cleaning for pet hair
- ✓ Self-emptying station reduces mess

● COMPLAINTS

- ⚠ WiFi only supports 2.4GHz networks
- ⚠ Battery life may need frequent charging

How It Compares

- Better than manual cleaning for daily use
- More efficient than single-function robots
- Less than high-end models with 5GHz support

Choose This If...

- ✓ Need hands-free cleaning for pets
- ✓ Want app-controlled scheduling
- ✓ Have medium pile carpets
- ✓ Require 280 days of cleaning

Skip This If...

- × Need 5GHz WiFi compatibility
- × Have limited space under 100 sq ft
- × Require heavy-duty commercial cleaning
- × Prefer manual emptying frequency
