## Who It Is For

---

-  Pet owners with hair shedding
-  Hard floor maintenance users
-  Users needing auto-charging
-  Furniture clearance requirements

## Who It Is Not For

---

-  Thick carpet users
-  App-based control seekers
-  Very tight space users
-  Smart home integration needs

## Trade Offs to Consider

---

- Shorter battery life than premium models
- Less suction power than dedicated carpet cleaners
- No app-based controls
- Limited to hard floors and low pile carpets
- No smart home integration
- Higher price than basic models

## How It Compares

---

- Shorter battery life than premium models
- No app-based controls
- Limited to hard floors and low pile carpets
- Higher price than basic models
- Less suction power than dedicated carpet cleaners

## Choose This If...

---

- ✓ Need tangle-free pet hair pickup
- ✓ Require auto-charging functionality
- ✓ Seek easy one-button operation
- ✓ Need ultra-slim furniture clearance

## Skip This If...

---

- × Need app-based controls
- × Require thick carpet cleaning
- × Want smart home integration
- × Looking for longer runtime
