

Kenmore BU3040 Intuition Bagged Upright Vacuum

QUICK BUYER GUIDE

Ideal for homeowners needing efficient, lightweight vacuuming with HEPA filtration and touch-free bag emptying

At a Glance Specs

WEIGHT

12 pounds for easy maneuvering

FILTRATION

HEPA filter traps 99.97% of dust

HOSE LENGTH

6-foot hose for ceiling access

NOISE LEVEL

80 decibels for moderate operation

POWER SOURCE

Corded electric with 10-amp motor

BAG TECH

No-touch bag emptying with self-sealing

CORD LENGTH

30-foot cord reduces re-plugging

MOTOR POWER

175 watts for consistent suction

Who It Is For

-  Homeowners with pets needing pet hair removal
-  Users prioritizing HEPA filtration for allergies
-  Those seeking lightweight vacuum for easy maneuvering
-  Families with children requiring touch-free bag emptying

Who It Is Not For

-  Cordless vacuum users
-  Users with very small living spaces
-  Those needing high suction for thick carpets

Trade Offs to Consider

- Less suction than cordless models
- Moderate noise level (80 dB)
- Requires periodic bag replacement

How It Compares

- Lighter than standard uprights
- Includes 3-in-1 tool compared to single tools
- HEPA filtration vs. basic filters

Choose This If...

- ✓ Need HEPA filtration for allergens
- ✓ Prioritize lightweight design
- ✓ Want touch-free bag emptying

Skip This If...

- × Require cordless operation
- × Need high suction for thick carpets
- × Limited space for long cords
