## Who It Is For

---

-  Pet owners with hair and dander
-  Carpet cleaners needing deep suction
-  Hard floor maintenance users
-  Allergies sufferers seeking HEPA filtration

## Who It Is Not For

---

-  Cordless vacuum users
-  Very large home cleaners
-  Noise-sensitive individuals
-  Those needing ultra-lightweight design

## Trade Offs to Consider

---

-  Less capacity than high-end models
-  Not ideal for outdoor use
-  Requires periodic filter cleaning
-  Heavier than some cordless alternatives

## How It Compares

---

- Stronger suction than basic corded models
- Better filtration than standard vacuums
- Similar capacity to mid-tier canister cleaners
- Heavier than premium cordless options

## Choose This If...

---

- ✓ Need powerful carpet cleaning
- ✓ Prioritize HEPA air filtration
- ✓ Have pets with hair
- ✓ Want durable quiet operation

## Skip This If...

---

- × Prefer cordless convenience
- × Need lightweight portability
- × Have extreme noise restrictions
- × Require ultra-large capacity
