## Who It Is For

---

-  Pet owners with shedding animals
-  Users with hard floors and carpets
-  Those needing above-floor cleaning
-  People with limited mobility
-  Users who prefer cordless convenience
-  Individuals with small to medium homes

## Who It Is Not For

---

-  Users with large pet hair buildup
-  Those needing heavy-duty carpet cleaning
-  People with outdoor cleaning needs
-  Users with limited battery life
-  Individuals requiring multiple power levels
-  Those who prefer bagged vacuums

## Trade Offs to Consider

---

-  Limited runtime for large spaces
-  No bagless option available
-  Single power level only
-  Requires regular battery charging
-  Not suitable for outdoor use
-  Smaller dust cup capacity

## Users Say

---

### ● POSITIVES

- ✓ Easy to maneuver in tight spaces
- ✓ Good for pet hair on both floors
- ✓ LED lights help find hidden debris
- ✓ Simple one-touch emptying system
- ✓ Lightweight for easy storage

---

### ● COMPLAINTS

- ⚠ Battery life could be longer
- ⚠ Dust cup fills up quickly
- ⚠ No adjustable suction settings
- ⚠ Limited included accessories
- ⚠ Not ideal for heavy pet hair

## How It Compares

---

- Better than basic corded vacuums
- Less powerful than high-end cordless models
- More convenient than bagged vacuums
- Fewer accessories than premium models
- Similar to other cordless stick vacuums
- More affordable than top-tier options

## Choose This If...

---

- ✓ You have pets with shedding
- ✓ You need a lightweight vacuum
- ✓ You prefer cordless convenience
- ✓ You clean both hard floors and carpets
- ✓ You want easy one-touch emptying
- ✓ You need above-floor cleaning tools

## Skip This If...

---

- ✗ You need heavy-duty carpet cleaning
- ✗ You have limited battery life
- ✗ You prefer bagless options
- ✗ You require multiple power levels
- ✗ You need outdoor cleaning
- ✗ You want a larger dust capacity
