

Sharks Upright Vacuum Cleaner Lift-Away with HEPA Filtration, Pet Hair Tools, and Multi-Surface Suction - Burgundy

QUICK BUYER GUIDE

Pet owners and multi-surface cleaners need this bagless vacuum with HEPA filtration and lift-away pod for efficient pet hair removal

At a Glance Specs

SUCTION POWER

15-inch suction for deep carpet cleaning

FILTRATION SYSTEM

HEPA-level filter traps fine dust particles

DUST CUP CAPACITY

0.88-quart dust cup for frequent emptying

NOISE LEVEL

78 dB noise level for quiet operation

WEIGHT

2-pound weight for easy handling

HOSE LENGTH

6-foot hose for extended reach

Who It Is For

-  Pet owners with pet hair on upholstery
-  Users needing bagless vacuum for easy emptying
-  People cleaning multiple floor types
-  Those requiring HEPA filtration for allergens
-  Individuals with limited storage space
-  Users needing lightweight vacuum for stairs

Who It Is Not For

-  Users requiring cordless vacuum operation
-  Those needing high suction for thick carpets
-  People without access to power outlets
-  Users needing specialized attachments

Trade Offs to Consider

-  Less suction than cordless models
-  No cordless feature for mobility
-  Higher noise level than some competitors
-  Limited tool variety compared to premium models
-  Requires more frequent dust cup emptying
-  Heavier than lightweight handhelds

How It Compares

- Lacks cordless mobility compared to modern models
- HEPA filtration vs. standard filters in similar vacuums
- Bagless design vs. bagged alternatives
- Lift-away pod vs. traditional upright designs
- Less suction power than high-end cordless vacuums
- More noise than some corded models

Choose This If...

- ✓ Need bagless vacuum for easy emptying
- ✓ Require HEPA filtration for allergen control
- ✓ Have pets with hair on upholstery
- ✓ Clean multiple floor types regularly

Skip This If...

- ✗ Want cordless vacuum for mobility
- ✗ Need high suction for thick carpets
- ✗ Prefer quieter operation
- ✗ Require specialized attachments
